## DETAILED ACTION

### *Response to Arguments*

1. The timely submission under 37 CFR 1.129(a) filed on January 24, 2005 is not fully responsive to the prior Office action because the applicant has not complied with 37 CFR 1.143 in response to the restriction requirement. The applicant has only asserted that the examiner has agreed to withdraw the restriction based on the interview conducted with the applicant's representative, Jack Jankovitz on January 19, 2005. Part of the applicant's assertion is true, however the examiner also indicated that a formal response with formal arguments would complete the record and upon filing the formal arguments, the examiner would withdraw the restriction. The rules under 37 CFR 1.143 require the applicant to indicate a provisional election, even if requesting reconsideration and at that time, the requirement for restriction will be reconsidered based upon the applicant's request. The examiner indicated to the applicant that the restriction can not be withdrawn without a formal response being entered into the file and the applicant's most recent response is a mere allegation which the examiner can not act upon.

Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period

Art Unit: 2131

set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).
